

## Summer internship (f/m/x) - ESG Data & Collection Regulatory Framework (July-August)

You are eager to deepen the knowledge of ESG and are available full time for 2 months during the summer?  
Then keep on reading!

RBI is a leading financial institution committed to advancing sustainability and responsible finance practices. We are dedicated to integrating environmental, social, and governance (ESG) considerations into our business operations and providing sustainable financial solutions to our clients. We believe in the power of finance to drive positive change, and we are looking for a new member to join our team. Group Risk Data Integration is responsible for all data acquisition around the ESG topics and beyond with a special focus on solutions around EU Taxonomy.

#start  
July 2024

#full-time  
(38.5h/week)

#viennaoffice  
(1030)
